

First Friday Setup

My First FF Set Up

- One Table
- Table Cover
- Stool
- Artwork

Pathetic, I know but at this point I didn't know if I would do another one.

What did I learn I needed:

- An Adequate Display Space
- Varying Display Heights
- Consumer Interest
- Professional look

What were my guidelines?

Costs- Let's be honest CHEAP!

Manageable for one person

EASY to put together

EASY to take down

FITS in my car

FLEXIBLE – pieces have to work together or separately

I used:

- Sturdy foldable tables – Home Depot 2x4 – 2 pk
- Wooden Boxes – GoodWill
- Trellis – Lowes Garden Supply
- Inexpensive fabric – JOAnns 60% off coupons
- Panels from my dog's portable kennel
- Use Plastic Bins for Transport AND Display Prop.
- Anything at home that could be used: plants, bowls, seasonal decorating items etc.
- I borrowed (or took) castoffs from friends or “found “objects (dumpster dived)

I modify things as necessary:

- Corner braces added to lattice for shelves
- Art bins covered in fabric for added height
- Wood box from Goodwill as riser, with pipe straps to mount vertical trellis on box
- Add an additional table for more space if needed.
- Dog Kennel panels become art grids

Added:

1. Pipe Straps to box
2. Trellis inserted into pipe clamps
3. Shelving put on top of corner brackets

It's all interchangeable.

It all breaks down easily.

Removed:

1. One trellis
2. All shelving

Added:

1. Wreath
2. Two display boxes
3. 3 stepped boxes
4. 2 –Dog kennel panels as vertical grids

Every set up is different: and depends on the venue.
